Let me tell you about the oils I have chosen to talk about in this particular E-Book. I have decided to base myself on a Young Living kit called the 'Essential 7' which groups the seven most popular and easy to use oils.

LAVENDER is the most versatile of all essential oils. Therapeutic grade lavender has been highly regarded for the skin, and has been clinically evaluated for its relaxing effects. Wait to see all you can do with this one!

LEMON has antiseptic-like properties and contains compounds that have been studied for their effects on immune function. **CAUTION:** Citrus oils should NOT be applied to skin that will be exposed to direct sunlight or ultraviolet light within 72 hours.

PEPPERMINT is one of the oldest and most highly regarded herbs for soothing digestion. Jean Valnet, MD, studied peppermint's effect on the liver and respiratory systems.

JOY — is an exotic blend of Lemon, mandarin, Bergamot, ylang ylang, rose, Rosewood, Geranium, Palarosa, Roman chamomile and jasmine that produces an uplifting magnetic energy and brings joy to the heart

PANAWAY—is a blend of Wintergreen, Clove, Peppermint and Helichrysum. This blend was created by Gary Young following an injury that severely tore the ligaments in his leg.

PEACE & CALMING — is a gentle, fragrant blend of Tangerine, Orange, ylang ylang, Patchouly and Blue Tansy specifically designed for diffusing. It promotes relaxation and a deep sense of peace, helping to calm tensions and uplift spirits

PURIFICATION — is an antiseptic blend of Citronella, Lemongrass, Rosemary, Melaleuca, Lanandin and Myrtle formulated for diffusing to purify and cleanse the air and neutralize mildew, cigarette smoke and disagreeable odors.

THIEVES* — Thieves® was created based on research about four thieves in France who protected themselves with cloves, rosemary, and other aromatics while robbing plague victims. The proprietary Thieves® oil blend was university tested and found to be highly effective in supporting the immune system and good health.

() This is where I cheat a little and add another blend to the 7 above mentioned oils. The Thieves blend is not part of the Essential 7 kit but it should definitely be part of your must have oils. I believe this blend to be one of the most powerful and effective there is for fighting infections and viruses of all kinds and helping support the immune system.*

GUIDELINES FOR THE SAFE USE OF YOUNG LIVING ESSENTIAL OILS

1. Always keep a bottle of pure vegetable mixing oil or any pure vegetable oil handy when using essential oils. Vegetable oils dilute essential oils if they cause discomfort or skin irritation. **DO NOT USE WATER** as essential oils are non-water soluble: using water will only spread the essential oil over a larger area.
2. Keep bottles of essential oils tightly closed and store them in a cool location away from light. If stored properly, essential oils will maintain their potency for many years.
3. Keep essential oils out of the reach of children. Treat them as you would any product for therapeutic use.
4. Do not use essential oils rich in menthol (such as peppermint) on the throat or neck area of children under 30 months of age.
5. Lemon, bergamot, orange, grapefruit, tangerine, White Angelica and other citrus oils may cause a rash or darker pigmentation if applied to skin exposed to direct sunlight or UV rays within 3-4 days of use.
6. Keep essential oils away from eye area and do not put into ears. Do not handle contact lenses or rub eyes with essential oils on fingers.
7. Pregnant women should consult their health care professional before using essential oils containing constituents with hormone-like activity, such as Clary sage, Idaho tansy, juniper and fennel.
8. Epileptics and those with high blood pressure should consult their health care professional before using essential oils. Avoid hyssop, fennel, and Idaho tansy oils.
9. People with allergies should test a small amount of oil on a small area of sensitive skin, such as the inside of the arm, before applying the oil on other areas. The bottom of the feet is one of the safest, most effective places to use essential oils.
10. Before taking GRAS (Generally Regarded As Safe) essential oils internally, always dilute with an oil-soluble liquid like honey, olive oil or soy milk.
11. Do not add undiluted essential oils directly to bath water. Use Bath Gel Base as a dispersing agent for oils in the bath.

I. Natural First Aid solutions

Blister	Purification	Rub a drop of Purification oil on a blister to cleanse and disinfect.
Bruises	PanAway	Apply PanAway oil topically on an injured area to reduce inflammation and bruising.
Burns	Lavender	Put a drop of Lavender oil on a minor burn to decrease pain.
Cuts	Lavender	Drop Lavender oil on a cut to clean the wound and kill bacteria.
Cuts / Scars	Lavender	To reduce or minimize the formation of scar tissue, massage Lavender oil on and around the affected area.
Injury inflammation	Peppermint	Massage several drops of Peppermint oil on the area of an injury to reduce inflammation.
Insect bites	Purification	Put a drop of Purification oil on insect bites to cleanse and stop itching.
Insect sting	Lavender	Put a drop of Lavender oil on a bee sting or insect bite to stop itching and reduce swelling.
Nose bleed	Lavender	To stop a nosebleed, put a drop of Lavender oil on a tissue and wrap it around a small chip of ice. Push the tissue-covered ice chip up under the middle of the top lip to the base of the nose and hold as long as comfortable or until the bleeding stops (do not freeze the lip or gum).
Poison ivy / poison oak	Peppermint	For poison ivy or poison oak, apply Peppermint oil on location neat or dilute with pure vegetable mixing oil.
Sunburns	Lavender	Spritz several drops of lavender oil mixed with pure distilled water on a sunburn to decrease pain.

II. Natural solutions for your home

Air freshener	Lemon	Use 6 drops of Lemon oil and 6 drops of Purification oil in a squirt bottle with distilled water to use in the bathroom as an air freshener.
Animal ear mites	Purification	Apply Purification oil and Peppermint oil diluted with pure vegetable mixing oil to a cotton swab and rub just inside the ear to eliminate ear mites in cats and dogs.
Animals arthritic pets	PanAway	For arthritic pets, massage PanAway oil diluted with pure vegetable oil base on location or put a drop in the food.
Animals Ticks	Peppermint	Remove ticks by applying a drop of Peppermint oil on a cotton swab and swabbing the tick. Wait for it to unhedge its head and then remove from your pet.
Aphids	Peppermint	To kill aphids, add 4-5 drops of Peppermint oil to 4 ounces of water and spray the plants.
Dishwasher	Lemon	Add a drop of Lemon oil to your dishwasher before the wash cycle.
House Carpet cleaner	Lemon	Put 10-15 drops of Lemon oil in each gallon of carpet cleaning solution to help pull out stains and brighten the rug. This also leaves a fresh smell in the room.
House Clean fruit	Lemon	To clean and increase the shelf life of fresh fruit, fill a bowl with cool water and 2-3 drops of Lemon oil . Drop your cleaned fruit into the water and stir. Be sure all surfaces of the fruit contact the lemon water.
House kitchen cleaner	Lemon	Rub a drop of Lemon oil to clean a butcher's block or other cutting surface.
House Kitchen Sterilizer	Lemon	Add 2-3 drops of Lemon oil to water and spray counter tops to sterilize them.
House Laundry	Lavender	Place a few drops of Lavender oil on a wet cloth and throw in the dryer to deodorize and freshen your laundry.

II. Natural solutions for your home (continued)

House Odors	Purification	Diffuse Purification oil to clean the air and neutralize foul or stale odors.
House Odors / Humidifier	Purification	Place a drop of Purification oil on each end of a cotton swab and place on top of your cold water humidifier to clean the air.
House Odors / smelly shoes	Purification	Put 2 drops of Purification oil on two cotton balls and place in the toes of smelly sneakers to combat odors.
House Odors / ventilation	Purification	Put several drops of Purification oil on a cotton ball and place in air vents in the home, office, hotel room or other enclosed area.
House Paint fumes	Peppermint	Mix one 15 ml. bottle of Peppermint oil into a gallon of paint to dispel the fumes.
House Rats / Cockroaches / Ants	Peppermint	To deter rats, mice or cockroaches, place two drops of Peppermint oil on a cotton ball and place along the path or point of entry for these pests.
House water fountain	Lavender	Place a drop of Lavender oil in your decorative water fountain to scent the air, kill bacteria and prolong time between cleanings.
Insect moth repellent	Lavender	Place a few drops of Lavender oil on a cotton ball and place in your linen closet to scent the linens and repel moths and insects.
Insect repellent	Purification	Spritz several drops of Purification oil mixed with water to repel insects.
Kill germs	Lemon	Soak your dishcloth overnight in a bowl of water and a drop of Lemon oil to disinfect and kill germs.
Potpourri	Joy	Sprinkle a few drops of Joy oil into potpourri to improve fragrance.
Sanitizer	Lemon	Use a paper towel soaked with several drops of Lemon oil to sanitize bathroom fixtures.
Stain remover	Lemon	Use 1-2 drops of Lemon oil to remove gum, oil, grease spots or crayon.

Ordering your Essential Oils :

If you would like to discover the other great oils and products Young Living has for you make sure to check out their web site by going to :

<http://www.youngliving.us/>

Young Living essential oils are only available through their website. The ordering process is very simple like most online stores. However unlike other online stores they give you the opportunity to buy your oils at the wholesale price which is about 20% under the retail price! "Now what's the catch?" you ask.

All you have to do to buy your products at the wholesale price is sign up as a distributor and order a distributor kit with your first order, that's all. Once you have ordered your distributor kit with your first order there is NO Obligation to do anything! You don't have to sell products to anyone or sign people up or do any kind of marketing activity to keep your distributor status. Pretty neat, don't you think?

[JOIN YOUNG LIVING TODAY](#)

Distributor kits are packed with great information about Young Living and educational material and also have great products at discount prices so chances are you would have ordered what they contain anyway. To find out more about the [distributor kits follow this link](#)

Please feel free to [contact me](#) if you have any questions regarding these great products or regarding the best oils to use for a specific condition. I don't have all the answers but I will always do my best to help.

Thank you for your time and welcome to the wonderful world of essential oils.

Please feel free to share this document with any friends or family we can all benefit from the use of these natural wonderful oils in our daily lives.
